1. Boats reviewed for area adjustment

– VINCIAMO (David Stege, S/N 56728 – Current Rating Area E/F = /111/111/111/

a) Motion: Area adjustment of (+12) seconds/mi by unanimous vote /123/123/123/.

2. Discussion topics:

b) VINCIAMO believed a very likely candidate for a Corinthian rating.

c) A general outline of how to develop statistics to determine light wind area adjustments based on performance factor using data from races with reported wind velocities and with imputed wind velocities from race distance, phrf handicaps and elapsed times.
