

The PHRF of So CAL Area I Committee met on the evening of August 25 to hear Patrick Mullins request for a local area adjustment. John Glanville, Vance Newell, and I heard Mr. Mullins request for an additional 12 seconds per mile across the board for his C&C 40, SIROCCO sail number 42381. After reviewing race results from approximately three years, and reviewing the yacht's preparation and how it has been sailed we approved the requested 12 seconds a mile adjustment such that SIROCCO will have a local Area I rating of Windward/Leeward 87, RLC 87, OWC 87.
